

make flat tyres history!

SG Revolution skid steer tyres are designed to work in the toughest environments. Combining the durability of solid tyres with the soft cushioned ride of pneumatic tyres they add up to a guaranteed flat free, more productive option that is easier on the pocket and the operator.

Sold exclusively by ITWS, the specialists in super cushion tyre technology, the range of SG revolution skid steer tyres will fit all makes and sizes of machine and they are incredibly easy to install.

SG Revolution super cushion solid tyres for skid steer machines
